

Public Notice

Proposed deck expansion and new cascading pool / open lattice patio cover at 2931 Olney Pl.

What is this?

This notice is to let you know that the City of Burbank Community Development Director will be making a decision to approve or deny an application for a Hillside Development Permit (HDP) to construct a 572-square-foot rear yard deck extension. The proposed additional deck structure includes an expanded yard area, approximately 24'-0"-wide and 14'-0"-deep, and a reconfigured cascading swimming pool. The Project also includes the proposal to replace an existing solid patio cover with an approximately 450-square-foot open lattice patio cover. The property is located within the R-1 (Single Family Residential) Zone.

This project has been determined to be exempt from environmental review under the California Environmental Quality Act (CEQA) per CEQA Guidelines Section 15303 pertaining to New Construction of Small Structures. The request is for a rear yard deck extension, swimming pool, and appurtenant open lattice structure, which are covered by this exemption.

Why am I getting this?

This notice was mailed to all residents and property owners within 300 feet of the project to solicit input prior to the final decision. You can call or write to provide input on the project. The Community Development Director will make a decision to approve or deny the project on or after February 17, 2022. You also have a right to appeal the decision within 15 days of the decision date (*any appeal must be filed with the applicable fee no later than 5:00 p.m. within 15 days of the decision date*). To confirm the appeal period, please contact the Project Planner listed below.

How do I find out more or participate?

☎ Call the project planner, Greg Mirza-Avakyan / Leonard Bechet at 818-238-5250

✉ E-mail the project planner at:

Notes

Maps: Need to have dark parcel lines and large street names (must be legible), not less than 9 or 10 font size.

These lines/names can be adjusted using ArcMap properties (right-click on the feature you to adjust, listed on the left side column); to increase the street name size for printing @ 10 font, you'll probably need to select font size 36 or 40 on the ArcMap properties.

The subject property(ies) may also be selected & darkened to clearly identify the project site. Include an arrow or star to label the site.

Text: City Manager wants to update the format to be clearer and have more project description/details, and processing requirements.

The header at the top (underneath 'Public Notice') must include a few words to describe the project (2nd floor addition or whatever it is).

The project description must be easy to read (for the general public) and not so much technical language (more conversational tone).

Square footages and heights must be accurate. If there are story poles installed on the project site, then state that in the notice.

The Director's decision date should be firm, so that the ending date for the appeal period can be stated in the notice.

For large projects or controversial projects, we may decide to create a webpage for it, and include a statement referring to it.
